

Product Information

Base unit door extension ANTU 85

Doors are extended towards the floor.

Planning tip:

Add the alteration type AN TU 85 to the unit

Fitting advice:

There should be a plinth fitted flush with the carcass. An end panel covers the side of the unit.

Tip:

The handle 777.000 touch mechanism (price- and type list page 13.11) is the preferred opening technique to ensure a composed environment

See price and type list – page 24.05
