

Product Info

appliances bracket GUWIN

To be used for double niches to create a smaller joint, by leaving out the intermediate shelf.

planning advice:

Please add special type GUWIN to the chosen double niche carcass.

Installation note:

brackets will be supplied loosely in the mounting box and can be bolt to the carcass on the spot.

Advice:

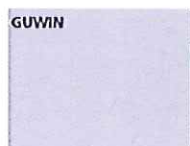

There will be a 3mm wide joint in between the brackets that fits perfectly to our usual joint, which is 2,5 mm wide.

See price and type list – page 22.13

Geräte-Auflagewinkel
1 Paar Geräte-Auflagewinkel aus
